The Hanover cares

As we close another week in the coronavirus (COVID-19) pandemic, we're checking in with you. We hope you, your families and your colleagues are well.

Our teams have been busy taking proactive steps to show you and your customers that The Hanover cares. For your ease, our video summarizes the actions we are taking in response to the pandemic. You will find additional information, including extensive FAQs about billing, coverage, underwriting and more in our [COVID-19 agent resource center](#).

Though we are experiencing uncertain times, we are more certain than ever that our partnership will help our shared customers and business through this pandemic.
