# The Hartford Extends Its COVID-19 Personal Auto Payback Plan

July 07, 2020 | [Personal Lines](#)*Company continues to support its auto customers during pandemic by extending a 15 percent return of premium through June*

HARTFORD, Conn.--(BUSINESS WIRE)-- [The Hartford](#) is extending its COVID-19 Personal Auto Payback Plan through June. The plan originally provided customers with a 15 percent credit on their April and May personal auto insurance premiums. Extending the plan through June brings the total amount the company will distribute to its customers to approximately \$80 million.

"We are pleased to continue to provide additional relief to our customers during the pandemic," said The Hartford's President Doug Elliot. "Although parts of the country are reopening, many of our personal auto customers are still spending much less time on the road than they did before the pandemic began. We believe our customers should benefit from the overall decrease in miles driven and accidents."

The Hartford will continue to work with state insurance departments to make these additional credits available as quickly as possible. The company intends to issue the credit to all personal auto insurance customers with policies in force as of June 1, 2020. No action is needed from customers, the credit will occur automatically.
