Q: Why is Liberty Mutual offering the Liberty Mutual Businessowners Policy (BOP) Refund

We recognize the uncertainty and financial challenges many of our mutual customers are facing due to COVID-19. We created the Businessowners Policy (BOP) Refund to help with these challenges during this time.

Liberty Mutual Businessowners Policy (BOP) Refund will provide small commercial customers a 15% refund of two months of premium for all BOP policies in-force as of April 1, 2020, including those that are written as part of a [specialty program](#). The refund applies to all policyholders with a Businessowners Policy in effect on 4/1/2020. This includes our traditional BOP and BOP written on eCLIQ Simple.

Q. Does this refund affect a customer’s coverage?

No, the refund has no impact to coverage.

Q. Will this impact a customer’s future rates?

No, the refund will not impact future rates.

Q. The refund is for two months, so will the customer get two separate refunds?

Liberty Mutual Businessowners Policy (BOP) Refund FAQ

Q. If a customer pays for their insurance through their agency (Agency Billing), how will that customer get the refund?

Agency billed customers will receive a refund check in the mail.

Q. Do new customers get the refund?

Yes, any customer whose BOP policy was in effect on or before April 1, 2020 will receive the refund.

Q. What does “pending regulatory approval” mean? Is there a chance that the regulators will not approve this refund?

We are required by law to receive approval by states in order to issue this refund. We are working very closely with each state regulatory agency for approval as soon as possible. We expect most departments will be very receptive to this refund; however, until this is filed and reviewed by state regulatory departments, we cannot guarantee this will be approved in every state. If a state does not approve this refund, we will be unable to provide the refund to customers in those states.

Q. How did Liberty Mutual decide on a refund of 15%? Some competitors are giving 20% back.

We recognize the hardship created on our small business customers due to the spread of COVID-19 related to mandatory closures and slow down on business traffic. Our BOP line is heavily weighted towards property where we do not anticipate loss cost reductions due to COVID-19. We are seeing some reduction in BOP liability claims and the 15% refund for two months aligns with the anticipated improvement.

Q. Will Liberty Mutual provide refund relief for other commercial lines of business?

We have been and will continue to work with you on a case-by-case basis to reflect the exposure changes your customers are experiencing for Custom Protector, Comprehensive Business Package, general liability and workers compensation policies. We can also work with you to suspend vehicle coverage. Please contact your underwriter to discuss these adjustments.
