

NEWS FROM VERTAFORE

We are hopeful that both of these solutions will help you AND YOUR CLIENTS during this time to stay connected with their insureds and stay up to date on what they need to know about COVID-19. Both of these solutions are NOW AVAILABLE FOR FREE through July 31st.

- 1. InsurLink** (A portal for your AMS360 agencies to give their insured's policy details, documents, auto ID cards, etc. all online) – **For free through July 31st** (for members using **QQ Catalyst**, Agentero, our orange partner is offering their portal for free through July 31st – please click [here](#) to take advantage of Agentero for free through July 31st)

For those of your members *currently using Vertafore's Client Portal*, their free upgrade to InsurLink should have already happened on March 27. We are offering free office hours and free training to help agencies get the most out of the new features.

We understand how important it is for your agencies to stay in contact with their customers during the COVID-19 pandemic. That's why we are inviting them to take advantage of Vertafore's newly enhanced client portal—InsurLink—**for free through July 31**.

This no-strings-attached InsurLink offer is part of our commitment to support our agencies with tools and resources to take care of their customers and staff during this time. Additional details:

If you would like to have a **webinar specifically for you and your members**, let me know and we can absolutely set something up to show the benefits and help them know where to sign up, etc.

- 2. ReferenceConnect** (our online reference library – previously known as Silverplume) – Certain publications **for free through July 31st** (Members that are not on QQ Catalyst or AMS360 can still take advantage of this free use of ReferenceConnect)

Two of our partners, National Underwriter (NU) and IRMI, have stepped up to provide complimentary access to new COVID-19 relevant content through our ReferenceConnect[®] solution.

Through July 31, all independent agents will have the ability access this content to help navigate regulatory challenges related to the pandemic, as well as some of the everyday challenges that come with operating a business remotely.

For all your members **currently using ReferenceConnect**, this content is already available to them within the solution and no additional steps are required.

If you would like to have a **webinar specifically for you and your members** on ReferenceConnect as well as this content, let me know and we can absolutely set something up to show the benefits and help them know where to sign up, etc.

Please stay safe and let me know if you have any questions at all.

Best Regards,
