***PREFERRED EMPLOYERS***  
*Insurance*

| a Berkley Company

## **Preferred has adjusted selected procedures to help businesses move forward.**

### **No More Minimum Premiums for Installment Payment Plans**

Making payments has never been easier. Anyone—regardless of their premium amount—is now eligible for installment payment plans. We are temporarily eliminating any minimum costs that were required in the past. This flexibility will be available for your clients until further notice. Contact us at (888) 472-9001

with any questions you might have.

---

### **Free Consultations for Re-Opening Safely**

Our Risk Advisors continue to be available for answering questions on post-lockdown re-openings. Have your clients finalized their State-Required Preparedness Plan? If not, we can help! Email [safety@peiwc.com](mailto:safety@peiwc.com) for assistance on this or other recommended next steps for re-opening.

---

### **Claims Support 24/7**

Should your clients need help after hours—or any time—assistance is just a screen tap away. Claims reporting and immediate medical triage is available with our MedCall app, MPN+. This solution is especially helpful for injured parties who do not feel comfortable going to an emergency room during current events. Register [here](#).

---

## **Let's work together:**

### **Submit your July 1 Submissions.**

A friendly reminder that we are currently uploading submissions for you! For new (or previously quoted) accounts 30K and above, simply send me a completed 130 ACORD and Loss Runs. We will take care of the rest.

If you have any questions on any of these adjustments, feel free to contact me.  
Be well and stay safe!
