

SELECTIVE

BE UNIQUELY INSUREDSM

Dear Selective Agent,

Following up on our communication from March 24th, FEMA has issued a [bulletin](#) extending the grace period for payment of NFIP premiums due to COVID-19. For policies with an expiration between February 13th, 2020 and June 15th, 2020, FEMA has extended the grace period for receipt of renewal premium payments from 30 to 120 days. This extension allows customers additional time to pay their flood premiums to avoid any lapse or reduction in flood coverage. As long as payment is received in Selective's offices within 120 days after the expiration date on these policies, no lapse in coverage will occur.

This situation continues to evolve rapidly, and we will share information as it is available. Thank you for your partnership.

Cassie Masone
Vice President, Flood Operations
